Aragonite

is said to foster truth, stability, understanding and clear perception.

Dear Fire Mountain,

I wanted to let you know how pleased I am with your service. So far, I've placed two orders with your company. Although both orders were received within two days, I was truly impressed with my second order, which was placed late on a Friday night. To my surprise, this order was received the following **Monday!** (Do you people ever **sleep?**) The speed with which you process orders is absolutely incredible. I appreciate not having to wait; I'm able to make my jewelry quickly and I don't have to drive long distances to bead shops. Thank you for your wonderful service!
